

Armrest Relax 2D

Relieves back and shoulder pressure and allows full 360° movement. Fits all models.

Armrest Swing

An armrest that doubles as a back and abdominal support. Can swivel 360° for complete freedom and versatility. Fits all models..

Foot control

Intuitive height adjustment thanks to a foot-controlled ring. Fits all chair and saddle models.

Armrest Fixed

A traditional arm rest that can be adjusted for height. Fits all models.

Mini Swing

A high quality armrest that can swivel around your seat. Fits all models..

Foot ring

Ideal for taller seats where a long cylinder is attached and your feet don't reach the floor comfortably. Suitable for all models.

50mm

65mm

Standard casters

The most common are castors for hard floors, which we fit as standard to all of our chairs and saddle stools. 50mm for Support, Taburett and Akka, 65mm for all other models.

Special casters

We stock a wide selection of castors suitable for a variety of different surfaces. For example polished castors and castors shaped as animals.

 **Support Design**
Positive Posture

Product catalogue

A Support Design chair or stool is a wonderful thing

Each one is hand built and meticulously finished by our team of experienced craftspeople and technicians. We use premium upholstery materials in a vast array of colours. You can even customise our range to your own tastes and colour schemes. We care about every single chair or stool that leaves our workshop and we think

that's the reason our furniture has been making people sit better and feel better for over thirty years. Based on the ingenious Supportbackrest and seat designs of Bruno Mathsson, we offer a wide range of models, each adapted to address specific user requirements.

Correct seating is Positive Posture

Our saddle stool facilitates proper posture and is suited for professionals wishing to alleviate fatigue and prevent potential injuries caused during long procedures. The compact design offers improved freedom of movement on restricted surfaces. Our saddle stool series includes two models, each

with two different sizes. The ergonomic chairs are intended to prevent back problems of the user during prolonged static work and to prevent further back problems in users who already have problems with their back by relieving the back

Support

Art no 300-

Support

The bowl-shaped seat and sculpted backrest comfortably supports your back and shoulders, and the freefloat functionality ensures intuitive manoeuvrability as the seat follows your every move.

Taburett

Art no 100-

Taburett

Compact yet comfortable, the Taburett is a great choice for those who want complete freedom of movement without the need for a backrest. The tilt setting allows you to adjust to your individual needs.

Akka

Art no 301-

Akka

A traditional style chair with the benefits of a modern, ergonomic design. Fully adjustable with tilt and height functionality. Comfortable backrest combined with a shallow bowl-shaped seat.

Statera

The Statera features a mix of conventional seating and saddle seating. A very comfortable seat with the best out of two worlds. The Statera is available as a Taburett without backrest or with the choice of the two backrests Oval and Core+

Statera Taburett Art no 102-

Statera Oval 307-

Statera Core+ 308-

Prisma

Minimalist design combines premium quality with a comfortable round seat. This stool is perfect for shorter procedures and features a height-adjust mechanism under the seat. Suitable for use with backrest Mini or Core+

Prisma Art no 101-

Prisma Mini 306-

Prisma Core+ 313-

Classic Art no 200-
Classic Mini 302-
Classic Core+ 309-

Classic

The Classic, is a soft, comfortable stool with a wide seat. Levers to adjust height and tilt are located just under the seat. Suitable for use with backrest Mini or Core+

Lite Art no 202-
Lite Mini 304-
Lite Core+ 311-

Lite

The Lite saddle stool has an ergonomic design that promotes the spine's natural 'S' shape, as well as an ideal active sitting position. A small, soft stool with a narrow seat, gives users a more compact posture. Suitable for use with backrest Mini or Core+

Lite Hybrid Art no 600-
Lite Advanced Hybrid 601-

Classic Advanced Art no 201-
Classic Advanced Mini 303-
Classic Advanced Core+ 310-

Classic Advanced

The Classic Advanced, has the same comfortable wide seat as the Classic, but features additional zones and specially developed indentations that provide additional comfort for men. Suitable for use with backrest Mini or Core+

Lite Advanced Art no 203-
Lite Advanced Mini 305-
Lite Advanced Core+ 312-

Lite Advanced

The Lite Advanced has the same narrow comfortable seat as the Lite but features specially developed indentations to provide additional comfort for men. Suitable for use with backrest Mini or Core+

Lite Hybrid / Lite Advanced Hybrid

The Lite Hybrid features an additional free-float function allowing the saddles to follow the movement of the user, activating the muscles in the lower back and abdomen. The patented free-float mechanism can also be locked into a fixed position. The Lite Advanced Hybrid features specially developed indentations to provide additional comfort for men.
